

SELF-CENTERING PULLERS

FA

10-50 Tn.

700 bar

TOOLS

SELF-CENTERING PULLERS

LARZEP advantages

- Self-Centering Puller available in 10, 20, 30 and 50 Tn versions.
- Ergonomic, self-centering of the jaws provides easy and safe setups on pulling jobs.
- The large jaw opening allows bigger diameter reach and spread which makes the puller more versatile.
- FA Self-Centering Pullers include the hydraulic components and mechanical components.
